Quincy-Sous-Sénart, France

## LANGUAGE

- French (Native)
- English (TOEIC C1)
- Spanish (Basic)

## HARD SKILLS

- CatiaV5 / SolidWorks
- Office Pack
- Telework softwares
- Industrial Engineering
- Driving

## SOFT SKILLS

- Management Skills
- Critical Thinking
- Autonomous & Self-Taught
- Creative & practical

## EXPERIENCE

### Apprentice Quality Assurance Engineer on Final Assembly Line of Safran's Civil Motors Villaroche - France 2023 - 2026

- Implemented Root Cause Analysis (RPO) and actively participated in QRQC, 8D, and other analytical tools to resolve quality issues.
- Managed workstations to ensure compliance with quality standards during the final assembly of civil engines.
- Quality interface between Safran and GE

### Internship

#### Fontaine-les-Grès- France 2022 - 2023

Modified furniture designs in SolidWorks for load simulation and mechanical system design

## EDUCATION

#### ENSAM, Art et Métiers of Paris

Master of Industrial Engineering  
2023-2026

#### IUT de Troyes

Bachelor Mechanical and Production Engineering  
2021-2023

## SKILLS SUMMARY

- Project Management
- CAO/FAO & 3D printing
- Supply chain
- Dimensioning
