EMAIL: AALOMAR411@GMAIL.COM

RESUME OBJECTIVE:

Fresh Graduate of Mechanical Engineering seeking for working full-time opportunity with an established goal-oriented, purpose-driven organization to gain further knowledge in the field of Mechanical Engineering and apply the learned concepts of Mechanical Engineering to real-life situations.

EDUCATION DEGREE & PROJECTS:

BACHELOR SCIENCES OF IN MECHANICAL ENGINEERING, Jubail University College | 2017-2022.

SENIOR DESIGNER PROJECT: Design and fabrication of a Shredding Machine.

SAVING ENERGY-STC, working with a team to improve the system solar energy 01/03/2022 – 12/05/2022

GPA 3.24 OUT 4.

WORK EXPERIENCE:

Project Engineer at STC, trained as a Coop student in the project delivery Unit, responsible for the implantation of Electric and Mechanical projects 2022/06/22 – 2022/01/23 |

Maintenance Engineer at Milling Company Factory, trained as a trainee Student in the maintenance Department of the equipment | 2021

Power Engineer at General Authority of Civil Aviation (GACA), trained as a trainee student in the power department | 2021

ATTEND & CERTIFICATES:

- DC power system, rectifier, and ORION controller | 2022
- Fundamentals of the cyber security and Data Protection & Privacy from STC | 2022
- Fundamentals of the volunteer Work on | 12/05/2020
- English Program Intensive Course in CANADA | 2015

RELATED COURSES:

- Fluid Power System
- Electromechanical Devices
- Pumping Machinery

SKEELS

- Skilled in writing technical reports.
- Experienced in:
 - I. SOLIDWORKS
 - II. AUTOCAD
 - III. MATLAB

MEMBERSHIP:

- Saudi Council of Engineering SCE Membership NO.7788042
